Scottish Birds, the official journal of the Scottish Ornithologists' Club, publishes original material relating to ornithology in Scotland. Papers and notes should be sent to The Editor, **Scottish Birds**, 21 Regent Terrace, Edinburgh EH7 5BT.

Two issues of **Scottish Birds** are published each year, in June and December. **Scottish Birds** is issued free to members of the Scottish Ornithologists' Club, who also receive the quarterly newsletter **Scottish Bird News** and the annual **Scottish Bird Report** and **Raptor Round Up**.

The **Scottish Ornithologists' Club** was formed in 1936 to encourage all aspects of ornithology in Scotland. It has local branches which meet in Aberdeen, Ayr, the Borders, Dumfries, Dundee, Edinburgh, Glasgow, Inverness, New Galloway, Orkney, St Andrews, Stirling, Stranraer and Thurso, each with its own programme of field meetings and winter lectures. The Waterston Library at the Club's headquarters at 21 Regent Terrace, Edinburgh EH7 5BT is one of the most comprehensive ornithological libraries in Britain, and is available for reference during office hours (Monday to Friday 0930 to 1630). A stock of Scottish local bird reports is held at headquarters and may be purchased by mail order.
